The Board of Directors is also responsible for overseeing the company's financial reporting process.

INDEPENDENT AUDITOR'S REPORT

To the Members of *Gleam Fabmat Limited* Report on the Audit of the Standalone Financial Statements

Auditor's Responsibilities for the Audit of Standalone Financial Statement

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by the Institute of Chartered Accountants of India ("ICAI") and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal financial controls over financial reporting and their operating effectiveness. Our audit of Internal financial controls over financial reporting included obtaining an understanding of Internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

The accounting policies adopted in the preparation of the financial statements are consistent with those of the previous year. All assets and liabilities have been classified as current or non-current as per the Company’s normal operating cycle and other criteria set out in Schedule III to the 2013 Act.

(b) Use of Estimates

The presentation of the financial statements, in conformity with Indian GAAP, requires the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable, future results could differ, the differences between the actual results and the estimates are recognized in the period in which the results are known / materialize.

(c) Property, plant and equipment (PPE)

Tangible assets are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost comprises of the purchase price including import duties and non-refundable taxes, and directly attributable expenses incurred to bring the asset to the location and condition necessary for it to be capable of being operated in the manner intended by management. Capital expenditure incurred on rented properties is classified as ‘Leasehold improvements’ under property, plant and equipment.

Subsequent costs related to an item of Property, Plant and Equipment are recognized in the carrying amount of the item if the recognition criteria are met. Items of Property, Plant and Equipment that have been retired from active use and are held for disposal are stated at the lower of their net carrying amount and net realizable value and are shown separately in the financial statements under the head ‘Other current assets’. Any write-down in this regard is recognized immediately in the Statement of Profit and Loss. An item of Property, Plant and Equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising on derecognition is recognized in the Statement of Profit and Loss.

Depreciation on tangible asset is recognized on a straight line basis based on a useful life of the assets prescribed in Schedule II to the Act. If the management’s estimates of the useful life of an asset at the time of acquisition of assets or of the remaining useful life on a subsequent review is shorter than that envisaged in the aforesaid schedule, depreciation is provided at a higher rate owing to their risk of higher obsolesce / wear & tear. The useful life of the assets has been reassessed based on the number of years for which the assets have already been put to use and the estimated minimum balance period for which the assets can be used in the Company. The estimated life of property, plant and equipment has been determined as follows:

GLEAM FABMAT LIMITED

CIN U28999DL2018PLC335610

Estimated useful life has been tabulated below:

Nature of Assets	Useful Life (In years)
Vehicles	10
Office Equipment	5
Computer	3
Furniture & Fixture	10

No further depreciation is provided in respect of assets that are fully written down but are still in use.

Leasehold land in the nature of perpetual lease is not amortised. Other leasehold land are amortised over the period of the lease. All property, plant and equipment individually costing less than ₹5,000/- are fully depreciated in the year of purchase.

(d) Intangible assets

Intangible assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortised on a straight line basis over their estimated useful lives. A rebuttable presumption that the useful life of an intangible asset will not exceed fifteen years from the date when the asset is available for use is considered by the management. The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly.

Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognized as income or expense in the Statement of Profit and Loss. The estimated useful lives of intangible assets are as follows:

Nature of Assets	Useful Life (In years)
Software	3

(e) Impairment

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss account. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

(f) Investment

Investments are classified between long term and current categories as per the Accounting Standards issued by Institute of Chartered Accountants of India.

Long term investments are stated at cost. Provision for diminution in the value of investments, if any, is made if the decline in value is of permanent nature. Current investments are valued at lower of cost or market value.

As a conservative and prudent policy, the Company does not provide for increase in the book value of individual investment held by it on the date of Balance Sheet.

(j) Foreign currency transactions

Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Exchange differences

Exchange differences arising on the settlement of monetary items or on restatement of the Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise other than of the capitalisation of exchange differences which is referred to in PPE above.

(k) Taxation

The tax expense comprises of current tax and deferred tax. Current tax is the amount of income tax determined to be payable in respect of taxable income for a period as per the provisions of Income Tax Act, 1961. Deferred tax is the effect of timing differences between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are reviewed at each balance sheet date and recognised/derecognised only to the extent that there is reasonable/virtual certainty, depending on the nature of the timing differences, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

Minimum Alternate Tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent it is not reasonably certain that the Company will pay normal income tax during the specified period.

(l) Contingent liabilities and provisions

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably.

A disclosure is made for a contingent liability when there is a:

- a) possible obligation, the existence of which will be confirmed by the occurrence/non-occurrence of one or more uncertain events, not fully within the control of the Company;
- b) present obligation, where it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation;
- c) present obligation, where a reliable estimate cannot be made.

A provision is recognised when the Company has a present obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not disclosed to their present value and are determined based on best estimates required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and are adjusted to reflect the current best estimates.
